TOWN REPORTS

Town reports are distributed about a week previous to the annual town meeting, and an effort will be made to have every citizen receive a copy. There will be no extra ones for distribution on town meeting day and those who desire one to use at town meeting should bring their copy with them.

Respectfully submitted,

EDWARD PELLETIER, JR.,
FRED A. COURNOYER,
ROBERT F. O'BRIEN,

Selectmen of Greenville.

REPORT OF CEMETERY TRUSTEES

In making our report of the work of the Cemetery Trustees it does not differ much from other years. We placed flowers on the perpetual care lots on May 30th, as usual, and have kept the grass cut and the walks cleared about them. The town gave us \$100.00 to improve the walks and road in the cemetery. We have used \$30.00 of that amount the past year. Now that automobiles and automobile hearses are used we shall have to enlarge one of the gates, so that we may have a better entrance into the cemetery for them.

ALVIN GREENE,
VICTOR L. PARKER,
ELLWOOD E. LIVINGSTON,

Cemetery Trustees.

REPORT OF FIRE WARDS

The Fire Wards respectfully present the following report:

During the past year there has been two alarms for fire, one on December 9, at Thomas Walsh's blacksmith shop, which was extinguished with slight loss, and the other on January 19, when the bake shop, property of Joseph Caron, was totally destroyed.

We recommend that the town purchase a truck chassis and equip same with hose and chemicals, now on hand, to insure better fire protection.

Respectfully submitted,

WILLIAM H. DOONAN,
H. R. NUTTING,
A. W. GREENE,

Fire Wards.

AUDITORS' REPORT

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Water Commissioners, Fire Wards, Cemetery Trustees, Library Trustees, Town Clerk, Tax Collector and School Treasurer for the year ending January 31, 1925, and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the orders issued to him.

The report of the School Board was audited to June 30, 1924, as the school year ended on that date.

WILLIAM B. GRAHAM,
THOMAS C. RODGER,

Auditors.

REPORT OF THE SCHOOL BOARD

To the Citizens of Greenville:

We herewith submit the following report:

The meeting of the School Boards of the Supervisory District was held at the schoolhouse May 17. Mrs. Persis Hardy, of New Ipswich, was elected as Chairman; Mrs. Hatch, of Wilton, Secretary, and A. B. Eaton, of Mason, Treasurer. Vernon S. Ames was re-elected as Superintendent.

The Spring term closed on March 21. At that time Mrs. Hall was tendered a gift from the School Board, former teachers and teachers and pupils in the building as a slight token of their appreciation of her faithful service during the years she had been a member of the School Board.

The schools closed June 22 for the Summer vacation. There were no graduating exercises as there had not been an eighth grade during the year.

The school year of 1924-1925 opened on September 2 with Mrs. Alice Tolman, Miss Mildred Russell and Miss Ruth Brooks on the teaching staff. Music continued under Miss Southwick, and manual training under Mr. Robbins. In October Miss Regina McNally was engaged as drawing supervisor.

The report of the census enumerator, William H. Doonan, will be found in the Superintendent's report; also, mention of the changes made with the opening of the Winter term.

In co-operation with the Red Cross, hot cocoa is again furnished during the cold weather for the pupils who stay at noon.

BUDGET FOR 1925-1926

Estimated expenditures for the school year, July 1, 1925, to June 30, 1926, and recommendation of sums to be assessed for the support of schools:

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Greenville:

I submit my second annual report as Superintendent of Schools.

SCHOOL ORGANIZATION

As there was no eighth grade in the school last year the arrangement of grades had to be shifted this Fall so as to make a fair division of pupils among the three teachers. The seventh and eighth grades are in charge of Mrs. Tolman, whose return to her position in the public school is pleasing to all, and whose work with these two grades is excellent. Grades four, five and six were assigned to Miss Russell, who has held this position so acceptably for several years. Grades one, two and three were assigned to the new teacher, Miss Ruth E. Brooks, who was graduated from the Fitchburg Normal School last June, and therefore comes without previous experience. She is doing good work and the children are making reasonable progress. The spirit of the teachers is harmonious and the school is in good working condition. The attendance this year has not been quite so good as for the same period last year. This has been due in part to sickness, but also in no small part to unnecessary absence on account of parents keeping their children out to work. It must be understood that such absence is illegal and that tardiness for the same reason is illegal.

In addition to the regular teachers and the music and manual training teachers you had last year, a special teacher of drawing has been employed, Miss

Regina McNally, of North Chelmsford, Massachusetts, who has had several years of experience in this work.

Recently we have made some changes in the plan of supervision of the recess and noon periods, shortening the noon period to one and one-fourth hours and providing some pleasing activities for the children under proper supervision. This has improved the spirit of the school, and the handling of the pupils who have to stay during the noon hour is rendered less difficult for the teachers and much more profitable for the children.

SUPERVISION

The chief function of the Superintendent of Schools is, of course, to supervise the work of the teachers, and this is accomplished chiefly in two ways—by visits to the teachers at work, and by means of standard tests. The statistical report which follows shows a total of 51 supervisory visits during the school year, or an average of 17 visits per teacher. It would be desirable if this average could be increased, but a large proportion of the Superintendent's time is necessarily taken up with administrative duties. During the past school year about 42% of my time was devoted to school visiting; about 38% to office work, which included the study of standard tests referred to above; about 13% to other administrative duties within the Supervisory Union, and about 7% to administrative duties that took me away from the Union.

The same standard tests have been used this year as last year, and cover the subjects of arithmetic, reading, spelling, writing and language. Detailed study of the results enables the supervisor to know with considerable accuracy the quality of

teaching being done, and enables him to make suggestions to the teachers on the basis of definite facts. For example, a set of language tests was recently given in grades seven and eight, and definite recommendations and directions were given to the teachers on the basis of the results of these tests.

MEDICAL INSPECTION

The annual medical inspection was conducted October 6 by Dr. Pease in both the public and parochial schools. The results in the public school were as follows:

Number of children examined	63
Defective vision	3
Cardiac disease	1
Pediculosis	1
Orthopedic defects	1
Defective teeth	21
Enlarged tonsils	8
Unvaccinated	3

Treatments were reported since the last examination as follows:

Defective vision	1
Defective teeth	24
Enlarged tonsils	3
Adenoids	1

The three pupils not vaccinated were reported to have legal exemption.

RECOMMENDATIONS

The improvements in the basement of the school building during the summer vacation have greatly improved the sanitary conditions so that they are now satisfactory. The only large item of repair now known is the roof, which will require shingling next summer. Specific provision should be made for this in the budget. I have no special recommendations to make at this time. The usual tables of statistics follow this report.

Let me again express my appreciation of the help and support of the School Board and the loyal and efficient work the teachers are doing day by day.

Respectfully submitted,

VERNON S. AMES,

Superintendent of Schools.
